

WELCOME TO REACH

Family Ministry:

REACH endeavors to provide support and mentoring for home-educated families. Each year we offer several activities, depending on volunteer participation. Some of these have been:

- * Standardized Testing in the spring
- * Mom's Night Out
- * Family game or movie night
- * Seminars focusing on home-education
- * Field Trips
- * Veteran's Appreciation Lunch
- * Field day in the spring
- * Holiday parties
- * Community service opportunities
- * Pool party in the summer
- * Spring Gala (Semi-formal dinner/dance for families with students in 6th grade and up)
- * Graduation
- * Used book sale

There's something for everyone!

Co-op

Together, our REACH families provide co-op classes on Friday mornings from 9:00am to 12:00pm. We meet for 9 weeks in both the fall and spring semesters. Parents teach a variety of classes for our preschool through high school students. Our leadership team is available to help parents decide what to teach and where to participate. The leaders also ensure smooth running of this exciting ministry. Each family provides at least one parent to teach one class as well as assist one class hour during the co-op class time, and therefore stay on campus. In the teachers' lounge, parents may fellowship with one another during their free hour. If you are interested in joining this wonderful home-educated community, contact the Co-op Director.

OUR MISSION

The mission of REACH is to encourage and support Christian home-educated families in the Northeast San Antonio area, and to develop excellence and integrity in our children as we equip them for the future to the glory of God.

WHO WE ARE

REACH is a volunteer run ministry. Through the involvement and effort of all its members REACH strives to provide resources for families, assistance for new families who are beginning the home-education adventure, as well as academic and social interaction with other parents and children with like-minded concerns and educational goals.

Extended Science Classes

As a part of our Friday Co-op days, we have recently added extended science classes for families with Jr. and Sr. High students. These classes meet from 11-12:30 each Friday for 32 weeks, and use Apologia curriculum. Parents are required to participate, so there are classes for all members of the family ages PK4 and up.

“Train up a child in the way he should go and even when he is old he will not depart from it.”

Proverbs 22:6
